

Status of On-grid solar power plant as on 15th March 2024

VECC, D.A.E.

1/AF Bidhannagar Kolkata -700132

Following On-grid solar power systems has been installed at VECC & MCF.

- 1) 15 KWp - Main building, VECC, since 2015
- 2) 20 KWp - DG building, VECC, since 2017
- 3) 20 KWp - PSI building, VECC, since 2021
- 4) 20 KWp - Store building, MCF, since 2021
- 5) 50 KWp - Rajarhat site, since 2023

Total installed capacity = 125 KW peak

Total solar power generation in all the above 5 plants during the last calendar year i.e. 2023 is 1,25,596 units. Effective saving of money during the last calendar year due to above solar power plants is around ₹ 9,41,970/-.
