1. Report of Doctoral Committee²

¹ A credit seminar is different from Self Study Course. It could be a minor research project that can be completed in about a month, or a critical review on a topic in an area allied to the subject of research chosen by the student for research. Student has to submit a report and make an oral presentation before the doctoral committee.

²For evaluation of credit seminar, doctoral committee should critically look into the content, presentation quality and student's depth of understanding.

Draft version to be discussed during the meeting of Standing Committee of Deans on 01/10/2015
