31. Display of Course(s) and Approved Intake” in the Institution at the entrance of the institution

HBNI and its Constituent Institutes/Off-Campus Centre (CIs/OCC) are either R&D centres or fully Aided Institute of the Department of Atomic Energy engaged in basic mission-related research and research to develop technologies of societal importance. Thus, HBNI is a Research University with world-class research facilities in Science, Engineering, Technology and Medical and Health Sciences.

The admission to the M.Tech. program of HBNI is restricted to either Trainee Officers selected for recruitment in DAE or nominated employees of Defence. The number of students intakes in any year under various specialisations depends on the requirements under each specialisation by DAE and Defence, which is far less than the approved intake of HBNI by AICTE, although HBNI and it's CIs/OCC has the infrastructure to intake students in M.Tech. program as per approved intake by AICTE.

Presently HBNI has only the AICTE-approved M.Tech. program (in various specialisations) and is offered to DAE Trainee Officers and Defence employees only. To avoid admission-related enquiries from the general public, HBNI decided not to display Course(s) and “Approved Intake” at the entrance of the HBNI building. Whenever HBNI would offer AICTE-approved courses open for all, such courses and “Approved Intake” will be displayed at the entrance of the HBNI building.

(P. C. Selvin)
