Sub.: Pradhan Mantri Kaushal Vikas Yojana 4.0 (PMKVY 4.0) - Introduction of skill development academic programs in all the CIs/OCC - reg

As per the NEP-2020, a skill development academic program as a full-time degree/short-term certificate has to be introduced in the institutes to augment the employability of students. To supplement the process, PMKVY4.0 has come up with a proposal to support the efforts of HEIs towards developing skill- based programs.

The main objectives of Pradhan Mantri Kaushal Vikas Yojana 4.0 (PMKVY 4.0) are,

- (i) To promote an enabling ecosystem for the youth to get skilled and choose a career path aligned with their abilities and aspirations.
- (ii) Enable the delivery of skill training in a market-oriented and demand-driven manner by making the existing skilling ecosystem more flexible, swift, and geared to meet the emerging demand.
- (iii) Process overhauling of the skill ecosystem by leveraging technology, innovative financing, and digitalization.

Some of the CIs are running skill development training programs in their Institution. These programs, if possible, may be brought under the PMKVY4.0. In addition, CI/OCC of HBNI has unique infrastructure and expertise in various technical domains and technology, like Welding, Fitter, Turning, CNC machines, Pathology, X-ray, Cyber Security, Robotics, Optics, Laser technology, RF, Pulsed Power Supply, Microwave, Additive Manufacturing Technology, biophotonics etc, a short and medium term certificate course of 2 to 12 months may be initiated under the PMKVY4.0 platform.

All the CIs/OCC are requested to take initiations to introduce Various demand-driven & Industry relevant skilling courses as per PMKVY4.0 guidelines on the PMKVY4.0 platform.
